Dear Society Leader,

We are excited to announce the 2021 MSTS Specialty Day Program. Our Specialty Day Program, developed under the leadership of Committee Chair Pietro Ruggieri, MD, PhD, Vice Chair, Nicholas M. Bernthal, MD and member, David M. King, MD, includes presentations from members of MSTS, EMSOS and ISOLS to showcase the role of international Societies in promoting education in musculoskeletal oncology. This event will take place Friday, March 26, 2021 starting at 9:00 am CT.

We have assembled an outstanding group of distinguished speakers from six continents to cover; The State of Research, Critical Issues & Update on Emerging Drugs and New Technologies – Innovative Techniques. More information including a full schedule can be found online at <http://www.msts.org/index.php/events>.

We ask you to please consider announcing and promoting the 2021 MSTS Specialty Day meeting to your membership, on your web site and through your communication channels. We have reduced our registration fees to promote collaboration and encourage participation.

Please reach out should you have any questions.

Best,

Carol D. Morris, MD, MS  
President
